NAME	POSITION	JUSTIFICATION
	Analyst, Materials Production Branch, NED/SI	The bulk of NED's work on HT AUTOMAT material on Atomic Energy Installations is 
25X1A9a		
	25X1B0a	
	25X1A9a	It is felt that  experience along this line will add a great deal to NED's capability in analysing HT AUTOMAT material on U.S.S.R. Atomic Energy Installations.
